With rugged, durable construction and LED power that far outshines halogen, BriteZone lamps get the job done.

Long after the sun goes down, you need a lamp that's as tough and tireless as you are.

**HEAT MAGNET®**

Part No. 3400017

- 200 Watt – 120 Volt AC
- Built-in thermostat maintains optimum temperature—will not exceed 250°F (121°C)
- Dimensions – 4-3/8" (11cm) (L) x 2-1/2" (6.3cm) (W) x 3" (7.5cm) (H) (including handle)

**\$59<sup>57</sup>**

**BLANKET STYLE BATTERY HEATERS**

- 120 Volt AC operation
- Blanket style heater warms battery core to 60° –70 above ambient temperature for quick starts
- Thinsulate™ thermal insulation helps maintain battery temperature in warm or cold weather
- All battery blanket heaters are 5". (12.7cm) tall, 1/2".(1.1cm) thick

Part No.	Thermostat	Length	Wattage	Cord Length	Fits Batteries

# TIMKEN

## Keep Your Trucks Rolling with Timken® MileMate® Bearing Sets

### Matched Cup and Cone Sets Extend Bearing Life

Built for superior performance and increased reliability, Timken® MileMate® matched cup and cone bearing sets help keep your fleet on the road. Precisely matched sets allow bearings to more evenly distribute loads, extending bearing life.

Our MileMate sets include a growing range of Timken® 454-Series™ wheel bearings designed specifically for severe-duty, dual and wide single-tire applications. Timken 454-Series

MileMate sets are engineered to handle the 2-inch offset loads found in wide single-tire configurations.

Timken matched sets help make it easier and faster to install the bearings correctly every time. Replacing bearings is faster with MileMate sets because the matching cup and cone arrive together in one box.

MileMate bearing sets meet or exceed original equipment manufacturers' specifications,

### Stronger. Value.

- *Precisely matched cups and cones*
- *Engineered for longer life and reliability*
- *Less inventory to manage*
- *"NP" parts feature Timken proprietary designs*

including the specifications for ConMet® PreSet® hubs and Spicer® LMS™ hubs. With 56 sets to choose from, it's easy to find the right pair for the most popular applications, including manually adjusted and pre-adjusted wheel ends.
